EMC offers financial aid to students who are in need of such assistance. Applicants must submit an application form (available upon request). Applications will be considered at the beginning of each semester.

The conservatory encourages full payment at the beginning of each semester. We make available a two-part payment schedule. At least 50% of all fees are due during the registration period and the remainder by Nov. 3 (fall semester) or by March 23 (spring semester). Late payments will be charged a \$10 fee. Use of the optional payment schedule does not excuse the student or parent from paying for the entire semester. Students who discontinue classes/lessons during a semester are still responsible for full payment of that semester's tuition.
